Why Register with UNHCR?

Registration allows you and your family to formalise your stay as asylum-seekers in Egypt. It also helps you with your daily interaction with Egyptian authorities and partners. In addition, registering with UNHCR facilitates residency and will protect you and your family from being returned to your country of origin against your will.

When you register with UNHCR, you will be provided with a UNHCR registration document. Please pay attention to the validity of your UNHCR document and make sure you contact UNHCR for a renewal appointment three months prior to its expiration.

UNHCR Registration Documents

Asylum-seeker Certificate (White Paper)

This certificate is issued to persons registered with UNHCR who have officially applied for refugee status without presenting valid identification documents. It does not enable its holder to obtain a residency permit, but serves as proof of an asylum application in Egypt that is pending consideration for refugee status determination with the UNHCR Office, and based on which, he/she should be accorded international protection considerations. If you obtain identification documents after being issued a certificate, please approach UNHCR during reception hours to receive an Asylum-seeker Registration Card.

Asylum-seeker Registration Card (Yellow Card)

The card is issued to persons registered with UNHCR who have officially applied for refugee status and have presented valid identification documents. It provides protection from detention and deportation to your country of origin or any other country, and allows the holders to obtain a legal residence permit (sticker) to legalize their stay in Egypt. The card is valid for 18 months.

Refugee Registration Card (Blue Card)

The refugee registration card is issued to persons who had been formally recognized as refugees by UNHCR. The card allows its holder to obtain a legal residence permit (sticker) to legalize their stay in Egypt. It is valid for three years.

Refugee Status Determination

Refugee status determination (RSD) is a unit within the protection team in which staff members are trained in interviewing refugees to obtain information on the reasons why individuals have left their homes and are seeking asylum, to enable them to accurately determine whether an individual is a refugee or not.

What is the purpose of the refugee status determination (RSD) interview?

The purpose of the RSD interview is to obtain the reasons of why you left your country and why you cannot return. It is an opportunity for you to explain your experiences and that led you to fleeing your country and why you cannot return. Based on the interview, UNHCR will determine whether you meet the refugee definition according to international refugee law.

The Refugee Status Determination Interview

You will receive a scheduling call to inform you about the RSD interview and counsel you on steps you have to take prior the interview. After the scheduling call, you will receive an SMS with the link of the Signal application, if you agreed to have a remote interview. Furthermore, the RSD website at rsd.unhcregyp.org/refugeeresult.aspx will be updated with your appointment date as well. As there could be changes in the RSD appointments, you are also requested to check the website regularly, especially 48 hours before your RSD appointment.

During the RSD procedure, you are required to:

- Tell your story, and UNHCR staff will help you. You will be asked about yourself, your family and any problems you may have had and your fear of return to your home country;
- Inform UNHCR about your family members accompanying you. All individuals over 12 years old will be interviewed individually;
- Bring all documents available to you and any family members accompanying you, such as travel documents, identity papers, employment records, and other documentation which might help support your claim for refugee status;
- Providing fake or fraudulent documentation may negatively affect the processing of your case and may lead to a negative decision;
- Cooperate with UNHCR staff during the interview and provide truthful information. Failure to provide a truthful and accurate account will negatively affect the processing of your case and may lead to a negative decision;
- If you agreed to a remote interview, have a smart phone with a functioning front camera and stable internet connection and be alone in the room. Failure to ensure that you are in a confidential place, will lead to rescheduling your interview.

During the RSD procedure, you have the right to:

- Be interviewed in a language you can communicate in;
- To be represented by a lawyer or a legal representative, during your RSD procedure.

Please also note that:

- Each applicant has a different profile, background and reason for fleeing his/her country; hence, each case will be assessed individually, according to UNHCR rules and procedures;
- Don't believe rumors about specific stories that grants refugee status as this will be a false account to UNHCR and will negatively affect your case and may lead to a negative decision;
- Intentionally misleading UNHCR about the facts of your case or your identity is fraud. Please note that this will negatively affect the processing of your case and may lead to a negative decision. UNHCR reserves the right to take appropriate measures in such cases;
- Your statements and documents will be confidential and won't be shared with others without your consent. UNHCR won't share your information with the government of your country;
- Do not sign any documents unless read, understood and approved by you;

- While in Egypt you, like any other foreigner, are expected to respect the laws, customs and traditions of the society hosting you;
- Verbal and physical threats to UNHCR staff violate national law. UNHCR will report any person making such threats to the police and this person may be prosecuted as per national law.

What should I prepare/ bring with me to the RSD interview?

- Your UNHCR asylum seeker registration card;
- Any documents that are relevant to support your refugee claim;
- Your and your family members' original identification documents (such as passports, ID cards, military booklet, marriage certificate, birth certificates, medical reports if any, etc.);
- Proof of previous registration with other UNHCR Offices.

Can I have a legal representative/advisor to assist me during my refugee status determination procedure?

You are entitled to have a legal representative/advisor to assist you during your RSD interview. In Egypt, Saint Andrews' Refugee Services (StARS) provide information, counselling, referral, representation, and advocacy for asylum-seekers and refugees in Egypt free of charge. To know more on how to reach StARS, take a look at protection services at: help.unhcr.org/egypt/en/partners/st-andrews-refugee-services-stars/

Why are there different procedures at first instance?

UNHCR Egypt has different procedures depending on the complexity of the cases. Some cases undergo registration and RSD interviews together in the same interview, which is called the Merged Registration/ RSD procedure; some cases have separate registration and RSD interviews; and some cases have more than one RSD interview in order to ensure the office has sufficient amount of information to complete the RSD procedure.

What if I missed an RSD appointment?

If you failed to attend an RSD appointment without a reasonable explanation, your case might be closed. If you miss an appointment, it is your responsibility to request a new one as soon as possible explaining the reason why you could not attend. The new appointment will only be granted if you provided a reasonable explanation why you failed to attend.

Is my family, who registered with me, required to be present at the interview?

All those who are registered in the file need to be present for the RSD interview unless you are informed otherwise. All the adult members of the case will go through a separate interview at UNHCR. Please also note that UNHCR respects the privacy and sensitivity of the information that is shared with us. All information is treated with the utmost confidentiality. Should we need to share some information with a family member, your consent will always be asked first. UNHCR will never act without receiving your consent.

How will I be notified of my Refugee Status Determination decision?

Once your RSD decision is ready, you will receive an SMS or a call to indicate your result notification date/appointment. You will be notified of your decision either through Signal Application or an in-Office notification. Each individual will be informed on the method, location and date of their notification by call/SMS.

You can also check this website rsd.unhcregyp.org/RefugeeResult.aspx, which will reflect your result notification date/appointment, once available. The decision on your asylum application could either be recognition or rejection.

What happens if I am recognized as a refugee?

You will be required to present to UNHCR reception staff your UNHCR asylum seeker registration card and your identification documents (passport or other form of identification) when you approach UNHCR. If

you are recognized as a refugee, you and your dependents will be provided with a UNHCR refugee card.

What happens if I am denied a refugee status?

You will be required to present to UNHCR reception staff your UNHCR asylum seeker registration card and your identification documents (passport or other form of identification) when you approach UNHCR. On the date of your appointment, you will receive a negative decision letter, which contains an explanation on the reasons that led to the denial of the asylum application. You have the right to submit an appeal request within 30 days. If you do not wish to file an appeal, you will no longer be considered as a person of concern to UNHCR.

I have been rejected for refugee status, but my parent, child or sibling is accepted. How does this affect me?

In certain circumstances you may be eligible for refugee status by UNHCR. If for some reason this has not happened for you, then UNHCR would explain to you the reasons behind this decision. If you still have concerns about this or believe an error has occurred in your application, please inform UNHCR.

How can I submit an appeal request?

You can download the appeal request form from the Forms and Leaflets section of this website rd.unhcregyp.org/FormsAndLeaflets.aspx. You must include the following:

- The reasons why you think the first instance negative decision is wrong, and
- Your updated contact information.

You can then submit your duly filled appeal application form either in an email to Appeal/Reopening arecaapr@unhcr.org or by approaching the RSD Building at: 44A Street, 2nd Neighborhood, 8th District, 6th of October City on certain days of the week, which will be specified to the individuals on the day of their notification.

What will happen during the appeal process?

The appeal process allows UNHCR to review the rejection and ensure that the decision was correct. During the appeal, different UNHCR staff members than the ones who were involved in the initial decision review all appeal requests. Not all appeal requests lead to an interview. This is why it is important that you provide all the reasons why you believe the decision is wrong. If an appeal interview is needed, you will be notified of the date of your appeal interview via SMS, and the appointment will be available in the RSD website rd.unhcregyp.org/RefugeeResult.aspx. If the first instance decision is overturned, you will be granted refugee status; if the first instance decision is confirmed, your file will be closed.

Cash Assistance

Who can receive cash assistance from UNHCR or its partners?

UNHCR aims to provide cash assistance to registered refugees and asylum-seekers found to be most in need. UNHCR partner organizations conduct assessment interviews to identify eligible individuals. If you have been identified as eligible for cash assistance, you will be notified through SMS on your telephone number registered at UNHCR.

How does UNHCR determine who is eligible for the cash assistance?

UNHCR uses a statistical formula aimed at capturing protection and socio-economic vulnerabilities. UNHCR relies on multiple sources of information, such as information recorded during your registration with UNHCR and sometimes gathered during assessment interviews conducted by UNHCR partners. Factors such as age, place of residence, number of family members, education level, financial status, access to other assistance, specific needs, medical status, protection risk profiles, among others determine the decision. All profiles of refugees and asylum-seekers registered with UNHCR are assessed to identify those who are most financially vulnerable to select higher risk profiles.

If you are found eligible to receive cash assistance UNHCR will notify you via SMS to the phone number registered by you at UNHCR.

How do I get an appointment for an assessment interview?

To inquire about assessment interviews, please contact UNHCR Infoline on 0227390400 during its working hours per Page 2.

Where do I collect the cash assistance?

Once you receive an SMS on your phone number registered at UNHCR, you can collect your assistance from any post office in Egypt, before the deadline indicated in the SMS. If you are notified that you will receive cash iris-scanning, you will be required to approach the nearest post office with an iris-scanner. You can find the list of iris-enabled post offices on this link <https://help.unhcr.org/egypt/en/cbi/>.

The principal applicant is the ONLY one who should go to the post office unless you designate an alternative cash collector within your case. To designate the alternative collector or update your phone number, please call UNHCR Infoline on 0227390400.

How do I collect the cash assistance at the post office?

At the post office, there are two possibilities:

- Present your UNHCR card and the teller will review your photo, case number & name; or
- If the SMS states that you will receive your money through scanning your iris, you need to go to a post office with an iris-scanning camera.

Please note that the designated cash collector (the principal applicant) is the ONLY one who should go to the post office unless you designate alternative cash collector within your case. To designate an alternative cash collector please call UNHCR Infoline on 0227390400.

What should I do if I am unable to collect the cash assistance at the post office?

- Please make sure you go to the post office before the deadline indicated in the SMS. You cannot collect the cash assistance if you come after the deadline. Only the designated cash collector (usually the principal applicant) can collect the cash assistance, unless you have designated an alternative collector.
- If you are receiving the assistance through iris-scanning, please make sure to place the camera on the same level of your eyes (not above or below) and that you look at the camera with eyes wide open. If your iris is still not captured ask the teller at the post office to scan your right eye first then the left eye. If this is still not working, then try going to another iris-enabled post office as there maybe an internet connection problem.

If none of the above solutions work, please contact UNHCR Infoline on 0227390400 to record your complaint in the system. This is a very important step. Without the formal complaint, UNHCR will not be able to address the issue effectively. A counselor will help you solve the problem and will record your complaint on the system. UNHCR will investigate your complaint within 60 days from the cash out deadline.

If you followed the above steps, UNHCR will re-imburse the due cash assistance. You will be notified by SMS when, where, and how you can collect your assistance.

Who do I contact for inquiries or complaints related to cash assistance?

Please contact UNHCR Infoline on 0227390400. A counsellor will provide you with the appropriate advice and will record your problem if further action is needed from UNHCR. For more information, please visit: help.unhcr.org/egypt/en/cbi

Eligibility and reimbursements decisions taken by UNHCR will be directly communicated to you through SMS. Therefore, **it is important to keep your telephone number up to date in UNHCR records, please call UNHCR Infoline on 0227390400 from your new phone number** to update your contact information.
