

SOCIAL BENEFITS FOR PERSONS WITH DISABILITIES

If you are a person with disabilities, or if your child has a disability, you can apply to have you or your child's disability certified in Romania and receive a disability certificate. To do that, you should first ensure that you and your child have a TP permit with a full address (not a short, declared one).

The following laws regulate the rights and duties of persons with disabilities who are beneficiaries of temporary protection in Romania:

Law 448/2006 on the protection and promotion of the rights of people with disabilities (republished), EO 96/2024 and the common order no 3328/5955/19.12.2024 approving the medical-psychosocial criteria for determining the degree of disability of adults with disabilities coming from the zone of armed conflict in Ukraine.

AM I ELIGIBLE FOR BENEFITS? IS MY CHILD ELIGIBLE FOR BENEFITS?

Yes, if you are or your child is a person with disabilities and you obtain a **disability certificate issued by the Romanian authorities**, according to the degree of disability.

In order to receive a disability certificate, you as a person with disabilities (or as parent or legal representative of a child with disabilities) must have a temporary protection (TP) permit with a full address.

If you have received a disability certificate for you or your child, you **must** reapply every six months to have your or your child's disability recertified.

There are four degrees of disabilities:

4 = mild ("ușor");

3 = medium ("mediu");

2 = accented/ severe ("accentuat");

1 = profound ("grav") with or without a personal assistant.

WHERE AND HOW CAN I APPLY?

To the Directorate General for Social Assistance and Child Protection (DGASPC) or the local Social Assistance Directorate (DAS) or Unit (CAS) in your local municipality.

Steps to be followed to apply for having the disability certified in Romania:

There are several steps to be followed:

- (1) register with a family doctor, who will then refer you to specialized doctors by issuing a written note ("bilet de trimitere");
- (2) the specialized doctor(s) does/do the medical check-up, consultation, tests and issues a medical report in the end;
- (3) you should then take the medical report back to the family doctor, who will compile all reports received from the patient who visited several specialized doctors (according to his illness) into a single report;
- (4) you should bring all these medical reports from specialized doctors and the family doctor together with a filled in application form and the TP permit's copy (and birth certificate in the case of the child with disabilities) to DGASPC/ DAS or CAS, or send them alternatively by e-mail to the address indicated on the webpage of each DGASPC.

WHAT RIGHTS/ ENTITLEMENTS WILL I RECEIVE ONCE MY OR MY CHILD'S DISABILITY HAS BEEN CERTIFIED IN ROMANIA?

All the rights to social assistance benefits for persons with disabilities, social services and other facilities that you can benefit from, depending on your degree of disability will be mentioned in the Plan that you will receive together with the Certificate.

HOW MUCH IS THE BENEFIT THAT I WILL RECEIVE ?
